

DUO BIANCHI – DEMICHELI

Marcello Bianchi (violin/viola) and **Daniela Demicheli** (piano/harpsichord) began their artistic association in 1994, with a precocious concert career behind themselves, giving birth to a stable duo that performs a particularly rich and diversified repertoire in Italy and abroad, and carries out TV and radio recordings for the main European networks.

Since their first encounter, the two musicians have felt a common chamber musical feeling that has been the basis of an artistic path of concerts, teaching and common projects, from the founding of the Lorenzo Perosi Ensemble – when Maestro Arturo Sacchetti chose them as stable members – to the birth of L’Archicembalo, to the creation of the Accademia di Musica Sacra Antica di San Rocco (San Rocco Sacred Ancient Music Academy), to the artistic direction of the “Alessandria Barocca e non solo...” international festival.

Almost thirty years of unremitting activity, a musical and human path followed hand in hand under the sign of research and growth.
